BENFA *Proposed Plan*

Diversify Revenue Channels

Proposed plan is to explore and acquire reasonable commercial assets around the city, and generate revenue by renting out these resources.

This strategy involves conducting market research to identify buyable assets, negotiating favorable purchase prices, the properties will be marketed to attract reliable tenants, offering competitive lease terms and amenities. This approach not only aims to create a steady revenue flow but also seeks to build a diversified revenue sources.

Own Dedicated Office

We also aim to own a dedicated office space, as it crucial for various operational, financial, and strategic reasons:

- **Sustainbility and Credibility**
- **Operational Efficiency**
- **Cost Savings**
- **Serves as a Resource Center** – A dedicated office can serve as a resource center for the community, offering a reliable place for beneficiaries to seek assistance, access information, and participate in programs, and enhance community service and engagement.
- **Networking and Collaboration** – A permanent office can become a hub for networking and collaboration with other NGOs, and agencies, and community organizations. It facilitates hosting events, workshops, and meetings, fostering partnerships and collective impact.
- **Volunteer Engagement** – Having a dedicated location makes it easier to attract and retain volunteers. It provides a consistent meeting place and fosters a sense of community and belonging among volunteers.
- **Funding and Donor Confidence** – A dedicated office can boost donor confidence, showing that the NGO is established and committed to its mission. This can lead to increased funding opportunities and long-term donor relationships.
